

### Here is what some of our clients had to say about Green Machine Lawns...

"I can't say enough by how pleased I am by this company. They came at a decent time, my toddler was sleeping, so I was afraid they were going to wake her up or knock on the door...Nope! They got right to work. The price is shockingly affordable. Our yard was a mess with branches and leaves and now there is not a leaf in sight."

- Jennifer S. - Parkville, MD

"This company has been a God send! The day I contacted the company, they were there that afternoon. I did not start grass cutting services until the end of the season, but I have no doubt I will be requesting services the next season. In addition, my fence was damaged during the wind storm and Eric and his great staff were right out there repairing the damage. Great communication and prompt outstanding service. I highly recommend this company."

- Donna M. - Abingdon, MD

"They do a great job on my lawn. Even with all the edging along my driveway, sidewalk and fencing on a corner lot."

- Evan M. - Parkville, MD

"They take good care of everyone! Even when I need them just 1 time, they're there to help me out. Not only does my lawn look great when they're done, and trust me it doesn't before I call them, but they also took out some bushes for me reasonably, and quickly. Call them ASAP, you'll be glad you did!"

- Ryan K - Abingdon, MD

"Great service. I called for a quote and they came out the next day to cut my grass. I will definitely be using them in the future for other projects."

"During last years mega snow storm I desperately needed help getting my driveway and cars dug out the same day. I have a heart condition and my dad was also very ill. Eric and his team plowed and shoveled all day and night. He could have easily told me he was not coming. But he did. Eric & his team were digging us out a 4am. I didn't hear a thing. Just woke up and got in my car and went to work. The dedication and pride his company provides is amazing and appreciated. Looking forward to working with them again this year and I will be adding lawn service to my contract."
